CalRecycle Grant manager: Carla Repucci

Project Summary: Look Out Point Site is a reimbursement request in the amount of \$24,025.00 for the removal of 54 junk vehicles from the base of a 200' cliff. This request is to cover the helicopter time for the removal of the vehicles.

Glenn Site grant request in the amount of \$19,709 is for the cleanup of a decades old illegal dump site that covers ~100' of a down hill drainage.

Gilbert Site grant request in the amount of \$13,085 is for the cleanup of 10 illegal dump sites on 37.65 acres.

Casner Site grant request in the amount of \$16,505 is for the removal of an additional 7,500 waste tires.

Lambert Site grant request in the amount of \$9,484 is for the cleanup of an illegal dump site.

Total Awarded for County:\$84,308.00

Riverside County

Grantee: Riverside County

Amount Awarded: \$200,000.00

Grantee Contact: Mr. Manny Acueto

Grantee Contact Phone Number: 9515387975

CalRecycle Grant manager: Carla Repucci

Project Summary: This cleanup project involves four sites located on two privately owned inactive farmland parcels. Illegal dumping prevention programs, such as waste tire amnesty days, community cleanup events, and illegal dumping enforcement patrols/measures held in this region have decreased in recent years because of reduced staffing and resources available due to countywide budget cuts.

Total Awarded for County:\$200,000.00

Sacramento County

Grantee: Sloughhouse Resource Conservation District

Amount Awarded: \$12,786.00

Grantee Contact: Ms. Amanda Platt

Grantee Contact Phone Number: 916-524-1435

CalRecycle Grant manager: Carla Repucci

Project Summary: This property is located along Dry Creek. The location of the concrete and other debris is located in a once operational field. The field is located within the floodplain of Dry Creek heavy rainfall years. The debris is about 20 yards from the riparian area. In years of heavy rain this field becomes flooded the water is allowed to slow and debris is deposited in the flooded field. The property owner is in the process of improving her property to make it farmable. Because of the concrete and other debris the area in which the debris is located is not suitable for farming at this time. When the concrete is removed this field will be able to be tilled and farmed.

Total Awarded for County:\$12,786.00

Grant Count: 3

Grand Total for Selected Counties: \$297,094.00
